

Well Owners Water Screening

Private well owners are encouraged to get their well water screened annually, while laws protect municipal waters.

Private wells, it is up to owners to test them.

One \$10 sample per house.

Additional samples \$20 each

Test Includes: E. coli test for bacteria, Water pH, Electrical Conductivity which is a measure of salts, Na, K, Ca, Mg, P, Fe, Mn, Zn, Pb, As, Cr, Cu, B, S, NO₃-N

Directions: Use regular 16 or 20 oz water bottle, triple rinse in water for testing and then fill it up.

Bring samples to the Jasper Extension office located at 271 East Lamar St., Jasper, TX 75951
