

Goat and Lamb Workshop

February 6, 2016, 1 P.M. – 3 P.M.

Jasper Jr. Livestock Show Grounds

*** Weather Permitting***

The Jasper 4-H Lamb and Goat training is intended to provide an educational opportunity for new or/and experienced families participating in the small livestock projects. The main purpose is to teach the basic principles of goat and lamb showing management as they relate to facility, nutrition, animal health, handling, showmanship and transportation.

“Quality Assurance” programs are discussed to ensure the safe and legal use of drugs or medications to facilitate the ethical care, development and exhibition of livestock.

Parents and leaders are encouraged to remember that swine projects are to be used as tools in the process of youth development. These youth are learning skills that will impact their entire life and ultimately everyone around them.

Bring your lamb or goat for demonstration and showmanship.

Topics:

- *Animal health
- *Facility
- *Transportation
- *Nutrition
- *Showmanship
- *Handling
- *Clippers will be available for use
