

Swine Workshop

January 31, 2015, 10 A.M. – 3 P.M.

Jasper Jr. Livestock Show Grounds

*** Weather Permitting***

The Jasper 4-H swine training is intended to provide an educational opportunity for new or/and experienced families participating in the Swine livestock project. The main purpose is to teach the basic principles of Swine showing management as they relate to facility, nutrition, animal health, handling, showmanship and transportation.

“Quality Assurance” programs are discussed to ensure the safe and legal use of drugs or medications to facilitate the ethical care, development and exhibition of livestock.

Parents and leaders are encouraged to remember that swine projects are to be used as tools in the process of youth development. These youth are learning skills that will impact their entire life and ultimately everyone around them.

Topics:

*Animal health *Facility

*Transportation *Nutrition

*Showmanship *Handling

***Bring your own lunch; break will be 30 minutes at 12 noon

Educational programs of the Texas A&M AgriLife Extension Service are open to all people without regard to race, color, religion, sex, national origin, age, disability, genetic information or veteran status.
