

Jasper County Soil Campaign

November is the time of the year to get your soil tested! Thanksgiving is an easy way to remember because hopefully some family will be home to help you.

Soil changes over the course of a year with varying temperatures, exposure to sunlight and rain fall amounts, and this can cause soil test to vary if done at different times of the year. Soil testing is OK to do anytime of the year, just remember it is more accurate if done the same time each year.

Jasper County Texas A&M AgriLIFE Extension service offers soil testing for

\$4 per sample, up to 4 samples

No shipping costs!

Pick up your sample bags and drop off at the

Jasper Extension Office

271 E. Lamar St. Jasper, TX 75951

Bring samples to office by December 2, 2016

Provisions from the American Disability Act will be considered when planning educational programs and activities. Please notify the Jasper County Extension Office at 409-384-3721, 5 days before an event if you plan on attending an Extension educational program and need specialized services. Educational programs of the Texas A&M AgriLife Extension Service are open to all people without regard to race, color, religion, sex, national origin, age, disability, genetic information or veteran status. The Texas A&M University System, U.S. Department of Agriculture, and the County Commissioners Courts of Texas Cooperating.
